

## PRANJAL MEHTA

Department of Experimental Psychology  
University College London  
26 Bedford Way, London WC1H 0AP  
United Kingdom

Email: pranj.mehta@ucl.ac.uk  
Lab Website: www.spelab.org

### Academic Positions

2017 - present	Associate Professor, University College London, Department of Experimental Psychology
2017 - 2020	Associate Professor, University of Oregon, Department of Psychology (on leave)
2011 - 2017	Assistant Professor, University of Oregon, Department of Psychology
2010-2011	Postdoctoral Fellow, Erasmus University, Rotterdam School of Management; Donders Institute for Cognitive Neuroimaging, Radboud University
2008-2010	Postdoctoral Fellow, Columbia Business School, Management Division
2007-2008	Postdoctoral Fellow in Social Neuroscience, The University of Texas at Austin Advisor: Jennifer Beer

### Education

2007	Ph.D. Psychology, The University of Texas at Austin Concentration: Social-personality psychology
1999	B.A. Psychology, Williams College, <i>Magna Cum Laude</i> , Williamstown, MA
1997	Columbia University, Reid Hall, Paris, France (Study Abroad)

### Research Interests

Social hierarchy; Stress and emotion; Decision making; Social neuroendocrinology; Diversity

### Publications

\* indicates student or postdoc mentee

## Conferences Organized

Carré, J.M., & Mehta, P.H. (co-organizer; January, 2013). *Social Neuroendocrinology Pre-Conference* at the annual meetings of the Society for Personality and Social Psychology, New Orleans, LA.

Mehta, P.H., & Carré, J.M. (co-organizer; January, 2012). *Social Neuroendocrinology Pre-Conference* at the annual meetings of the Society for Personality and Social Psychology, San Diego, CA.

## Symposia Chaired

Mehta, P.H. (July, 2018). Testosterone flexibly modulates aggressive and prosocial behaviours: New insights into causality, moderators, and mechanisms. Symposium given at the meetings of the *International Society for Research on Aggression*, Paris, France.

Mehta, P.H., & Denson, T.F. (co-chair, January, 2012). The downstream benefits of emotion regulation: New insights on psychological, neural, and hormonal mechanisms. Symposium given at the annual meetings of the *Society for Personality and Social Psychology*, San Diego, CA.

Mehta, P.H., & Berkman, E.T. (co-chair, October, 2011). Implications of social neuroscience for the real world. Symposium given at the annual meetings of the *Society for Experimental Social Psychology*, Washington, DC.

Bartz, J., A., & Mehta, P. H. (co-chair, January, 2011). New perspectives on the neuroendocrine regulation of social perception and behavior. Symposium given at the annual meetings of the *Society for Personality and Social Psychology*, San Antonio, TX.

Mehta, P. H. (October, 2009). Social Endocrinology: Hormones and Social Psychology. Symposium given at the annual meetings of the *Society for Experimental Social Psychology*, Portland, ME.

Mehta, P. H. (February, 2008). Social Endocrinology: How Hormones Can Contribute to Research in Social and Personality Psychology. Symposium given at the annual meetings of the *Society for Personality and Social Psychology*, Albuquerque, NM.

## Conference Presentations

### Invited Conference Talks

Mehta, P.H., Prasad, S. (November 2015). Hormones and Leadership. Talk presented at the *Neuroleadership* summit. New York, NY.

Mehta, P.H. (June 2015). Dual-hormone changes predict bargaining outcomes. Talk presented at the *Adapted mind, adapted body: The evolution of human behavior and its neuroendocrine regulation* conference, Erice, Sicily.

Mehta, P.H., Prasad, S. (October 2014). Hormones and Leadership. Talk presented at the *Neuroleadership* summit. San Francisco, CA.

Mehta, P.H. (October 2013). Biosocial mechanisms of status and decision-making. Talk presented at the *Neuroleadership* summit. Washington, DC.

Mehta, P. H. (May 2012). The modulation of testosterone on social behavior and its neural correlates. Talk presented at the *EndoNeuroPsycho* conference, Lunteren, the Netherlands.  
*Invited International Speaker.*

Mehta, P. H. (January 2011). Neuroendocrine mechanisms of threat reactivity: A dual-systems approach. Talk presented at the pre-conference for *Self and Identity*, San Antonio, TX.

### **Other Conference Talks**

Mehta, P. H., Prasad, S., Knight, E. L., Narayanan, J. (July, 2018). Acute cortisol stress responses moderate testosterone's association with aggressive versus prosocial economic decision-making. Talk presented at the meetings for the *International Society for Research on Aggression*, Paris, France.

Mehta, P. H., Mor, S., Yap, A., Prasad, S. (April, 2015). The two faces of testosterone: Dual-hormone changes relate to bargaining outcomes. Talk presented at the annuals meetings for the *Society for Affective Science*, Oakland, CA.

Mehta, P. H. (April, 2015). Positive affective neuroendocrinology: Methods and future directions. Talk presented at Positive Emotion pre-conference at the annual meetings for the *Society for Affective Science*, Oakland, CA.

Mehta, P. H. (February, 2015). Dual-hormone changes predict financial performance in bargaining and trading contexts. Talk presented at the *Social Neuroendocrinology Pre-conference* for the annual meetings for the Society for Personality and Social Psychology, Long Beach, CA.

Knight, E.L., Mehta, P.H. (February, 2015). Hierarchical stability moderates the influence of power on neuroendocrine and behavioral responses to stress. Talk presented at the annual meetings for the *Society for Personality and Social Psychology*, Long Beach, CA.

Mehta, P. H., Zilioli, S., Prasad, S., Welker, K., Watson, N., Lassetter, B. (November, 2014). The reverse winner-loser effect: endocrine responses to dominance contests that model unstable hierarchies. Talk presented at the annuals meetings for the *Society for Social Neuroscience*, Washington, DC.

Mehta, P. H., Zilioli, S., Prasad, S., Lassetter, B., Watson, N. (May 2014). Endocrine and affective responses to dominance contests that model unstable hierarchies: Insights from laboratory experiments and the 2012 US presidential election. Talk presented at the annual meetings for the *Association for Psychological Science*, San Francisco, CA.

Knight, E. L., & Mehta, P. H. (February 2014). The stress of status in uncertain times: Interactive effects of status & stability on cortisol and testosterone functioning. Data blitz talk presented at the *Social Neuroendocrinology Pre-conference* for the annual meetings of the Society for Personality and Social Psychology, Austin, TX.

Prasad, S., Lassetter, B., Mehta, P. H. (February 2014). The endocrinological and affective underpinnings of the 2012 presidential election. Data blitz talk presented at the *Social Neuroendocrinology Pre-conference* for the annual meetings of the Society for Personality and Social Psychology, Austin, TX.

Mehta, P.H. (September 2013). The dual-hormone hypothesis: Implications for leadership and financial decision making. Talk presented at the annual meetings for the *Society of Experimental Social Psychology*, Berkeley, CA.

- Mehta, P.H. (July 2013). The social endocrinology of status-seeking behavior. Talk presented at the annual meetings for the *American Psychological Association*, Honolulu, HI.
- Mehta, P.H. (June 2013). Dual-hormone mechanisms of leadership. Talk presented at the annual meetings for the *Association for Research in Personality*, Charlotte, NC.
- Prasad, S., Narayanan, J. Mehta, P. H., Lim, V. K. G., Koh, G., Koh, D. (January 2013). The effect of social stress and testosterone on reactions to unfairness in bargaining interactions. Data blitz (Social Neuroendocrinology Preconference) presented at the annual meeting of the *Society for Personality and Social Psychology*, New Orleans, LA.
- Mehta, P.H. (July, 2012). Why people pay to punish: A biosocial model of aggressive decision-making. Talk presented at the conference for the *International Society for Research on Aggression*, Walferdange, Luxembourg.
- Mehta, P.H. (April, 2012). The influence of testosterone administration on human competitive behavior. Talk presented at the conference for the *Social and Affective Neuroscience Society*, New York, NY.
- Mehta, P.H. (January, 2012). The role of testosterone in status-seeking behavior. Talk presented at the *Social Neuroendocrinology Pre-Conference* at the annual meetings for the *Society for Personality and Social Psychology*, San Diego, CA.
- Mehta, P.H., van Overveld, M., Smidts, A., Figner, B. (January, 2012). From Main Street to Wall Street: The benefits of mindfulness training for regulating emotions during decision-making. Talk presented at the conference for the *Society for Personality and Social Psychology*, San Diego, CA.
- Mehta, P.H. A dual-hormone model of decision-making. Talk presented at the annual meetings of the *Society for Experimental Social Psychology*, Washington, DC.
- Mehta, P.H., Yap, A., Mor, S. (January, 2011). Turning testosterone on its head: Stress axis activity alters the relation between testosterone and behavior. Talk presented at the conference for the *Society for Personality and Social Psychology*, San Antonio, TX.
- Mehta, P.H., Carney, D. Yap, A., Mor, S. (October, 2010). The biology of bargaining: Dynamic hormone changes during negotiation predict economic profit. Talk presented at the conference for the *Social and Affective Neuroscience Society*, Chicago, IL.
- Mehta, P. H., & Beer, J. S. (July, 2010). Neural mechanisms of the testosterone-aggression relation: The role of orbitofrontal cortex. Talk presented at the conference for the *International Society for Research on Aggression*, Storrs, CT.
- Mehta, P. H. (January, 2010). Social endocrinology: Bridging behavioral endocrinology and social-personality psychology. Talk presented at the annual meetings of the *Society for Personality and Social Psychology*, Las Vegas, NV.
- Mehta, P. H., & Josephs, R. A. (November, 2009). Neuroendocrine regulation of dominance and leadership: A dual-hormone approach. Talk and paper presented at the symposium on *Leadership and Individual Differences*, Lausanne, Switzerland.

Mehta, P. H. (October, 2009). The testosterone-behavior relation depends on cortisol: Convergent evidence in the domains of competition and leadership. Talk presented at the annual meetings of the *Society for Experimental Social Psychology*, Portland, ME.

Mehta, P. H., & Beer, J. S. (October, 2009). Neural mechanisms of the testosterone-aggression relation: The role of orbitofrontal cortex. Talk presented at the *Social and Affective Neuroscience Conference*, New York, NY.

Mehta, P. H., & Josephs, R. A. (February, 2008). The endocrinology of social decision-making. Talk presented at the annual meetings of the *Society for Personality and Social Psychology*, Albuquerque, NM.

### **Poster Presentations**

Knight, E. L., Mehta, P. H. (February 2014). The effects of stress, status, and hierarchical stability on social, affective, and decision-making processes. Poster presented at the annual meetings of the *Society for Personality and Social Psychology*, Austin, TX.

Prasad, S., Mehta, P. H. (February 2014). Voter perceptions of political candidates before and after the 2012 presidential election. Poster presented at the annual meetings of the *Society for Personality and Social Psychology*, Austin, TX.

Whitaker, J., Mehta, P. H. (February 2014). Do testosterone and social power predict racial bias? Poster presented at the annual meetings of the *Society for Personality and Social Psychology*, Austin, TX.

Knight, E.L. & Mehta, P.H. (April 2013). When being bossed is better than being the boss: The interactive effects of power and hierarchical stability on the cardiovascular stress response. Poster presented at the annual meeting of the *Social and Affective Neuroscience Society*, San Francisco, CA.

Prasad, S., Lassetter, B., Mehta, P. H. (April 2013). Neuroendocrine and intergroup dynamics in the 2012 US presidential election. Poster Presentation at the *Social and Affective Neuroscience Society Annual Meeting*, San Francisco, CA.

Prasad, S., Narayanan, J., Mehta, P. H., Lim, V. K. G., Koh, G., Koh, D. (January 2013). The effect of social stress and testosterone on reactions to unfairness in bargaining interactions. Poster presented at the annual meeting of the *Society for Personality and Social Psychology*, New Orleans, LA.

Knight, E.L., & Mehta, P.H. (January, 2013). When being bossed is better than being the boss: The interactive effects of power and hierarchical stability on the cardiovascular stress response. Poster presented at the annual meeting of the *Society for Personality and Social Psychology*, New Orleans, LA.

Mehta, P. H., & Beer, J. S. (June, 2008). The influence of testosterone and the frontal lobes on social decision-making. Poster presented to the *Social and Affective Neuroscience Conference*, Boston, MA.

Mehta, P. H., & Beer, J. S. (May, 2007). The neural correlates of economic decision-making in the Ultimatum Game. Poster presented to the *Neural Systems of Social Behavior Conference*, Austin, TX.

- Mehta, P. H., Josephs, R. A., & van Vugt, M. (January, 2007). Testosterone and cortisol predict behavior in economic social interactions. Poster presented to the *Society for Personality and Social Psychology*, Memphis, TN.
- Mehta, P. H. & Josephs, R. A. (January, 2006). Who wants high status? The relationship between basal testosterone and status preferences. Poster presented to the *Society for Personality and Social Psychology*, Palm Springs, CA.
- Mehta, P. H. & Josephs, R. A. (January, 2006). Want to compete again? Testosterone, competition, and decision making. Poster presented to the *Society for Judgment and Decision Making*, Palm Springs, CA.
- Metting, S. W., Mehta, P. H. & Josephs, R. A. (January, 2006). Cortisol reactivity in anticipation of public speaking as a predictor of subsequent performance and behavior. Poster presented to the *Society for Personality and Social Psychology*, Palm Springs, CA.
- Marusich, L.\*, Mehta, P. H. & Swann, W. B. (January, 2006). Do you “get” me? The role of verbal inhibition similarity in self-verification. Poster presented to the *Society for Personality and Social Psychology*, Palm Springs, CA.
- Mehta, P. H. & Josephs, R. A. (June, 2005). Changes in testosterone predict the desire to compete again among male losers. Poster presented to the *Society of Behavioral Neuroendocrinology*, Austin, TX.
- Mehta, P. H. & Josephs, R. A. (June, 2005). Baseline testosterone and social status predict cortisol changes and behavior among female competitors. Poster presented to the *Society of Behavioral Neuroendocrinology*, Austin, TX.

##### Teaching Assistant

Research methods and statistics, UT Austin, Fall 2003, Spring 2004, Fall 2005  
Seminar on the Self, UT Austin, Spring 2007  
Psychology of Reading, UT Austin, Fall 2006  
Social Psychology, UT Austin, Fall 2004  
Introductory Psychology, UT Austin, Fall 2002, Spring 2003, Summer 2003, Summer 2004  
Business Honors Statistics, UT Austin, Spring 2004  
Psychology Honors Research, UT Austin, Spring 2005

##### Advising

Primary Advisees, University of Oregon (all former)  
Postdoctoral Fellow: Kathleen Casto, Keith Welker

Ph.D. Students: Jason Isbell, Erik Knight, Smrithi Prasad, Sarah Donaldson  
 Master Students: Jeff Whitaker, Lisa Repshas, Ron Nieva  
 Undergraduate Thesis Students: Gabriel Haw, Kevin Lai, Nick Snyder, Allison Murray, Adam  
 Tratner  
 Lab Managers: Cassandra Brandes, Bethany Lassetter

Other Advisees (all former)  
 University of Oregon Theresa Gildner, Kate Gilliam, Nicole Lawless, Melissa  
 Liebert, Lisa May, Will Moore, Brendan Ostlund  
 Columbia University Shira Mor, Andy Yap  
 Radboud University Veerle van Son  
 Simon Frasier University Samuele Zilioli  
 Byram Hills High School, Sam Honig  
 Armonk, NY

### Research Grants and Awards

#### Completed and ongoing

2015-2020	National Science Foundation (PI) (Award #: 1451848) "The social neuroendocrinology of status"	\$430,796
